SUMMARY

Passionate and detail-oriented **Frontend Developer** skilled in crafting responsive, user-focused web applications using modern technologies like **React.js, JavaScript (ES6+), and Bootstrap**. Strong understanding of UI design principles, component-based architecture, and performance optimization. Eager to contribute to dynamic teams, learn from real-world challenges, and grow into a full-stack developer while delivering seamless digital experiences.

TECHNICAL SKILLS

Frontend: React.js, JavaScript (ES6+), HTML5, CSS3, Bootstrap, Responsive Design
Version Control: Git, GitHub
Tools & Platforms: VS Code, Chrome DevTools, GitHub Pages, Eclipse
Core Concepts: Components, Props, State Management, Hooks, Routing, Responsive UI
Additional Knowledge: Java (Basic), Node.js, Express.js, jQuery, MongoDB, MySQL

SOFT SKILLS

Problem-Solving • Adaptability • Team Collaboration • Time Management • Communication • Attention to Detail • Continuous Learning • Creativity

PROJECTS

Marketing Agency React | June 2025 – Present
Live Project

- Developed a responsive digital agency website using React, enhancing user engagement.
- Implemented dynamic components and state management with Hooks for interactive UI.
- Optimized performance, reducing page load time by 20%.
- Applied responsive design principles for seamless experiences across devices.

Bootstrap UI Showcase Project | March 2025
Live Project

- Built a responsive UI demonstrating Bootstrap components including forms, cards, tables, and carousels.
- Utilized Bootstrap grid and utilities for mobile-first layouts.
- Created sample modules (registration form, data table, etc.) to demonstrate component usage.
- Strengthened understanding of structured, maintainable frontend design.

EDUCATION

Bachelor of Computer Science (BCS) – Savitribai Phule Pune University | CGPA: 8.02 | April 2025
H.S.C (Science) – Maharashtra State Board | Marks: 55% | 2022

S.S.C – Maharashtra State Board | Marks: 75% | 2020
